

Topic Health Sciences

Quality, workforce, and the people – How to improve health care systems

Workshops on 3 days with
Prof. Dr. Tim Doran, Dr. Anneke van Vught,
and Prof. Dr. Jan de Maeseneer

DAY 1: Measuring and incentivizing quality in health care
Prof. Dr. Tim Doran

Tutors:	Tim Doran is professor of Health Policy at the University of York, UK. He held posts at the University of Manchester and Harvard School of Public Health. He has advised the English Department of Health, the National Institute for Health and Care Excellence, the Commonwealth Fund and the World Bank. At York he undertakes research into the impacts of health and social policies on health inequalities, and into the effects and unintended consequences of quality improvement initiatives in health care.
Date/Rooms:	Day 1: Wednesday, 7 October 2015, 10:00 - 12:00, 13:00 - 15:00 Room 4.B56 Frohburgstrasse 3, 6005 Luzern
Language	English
Contact:	Organizer: stefan.essig@iham-cc.ch
Registration:	Deadline for registration: October 1, 2015 Maximum number of participants: 12 Registration for single days is possible, however, those registering for all 3 days are preferred Please register by email to colette.lenherr@unilu.ch
Content:	Day 1: Measuring and incentivizing quality in health care (Prof. Dr. Tim Doran) Attendees will discuss the theory and practice of quality improvement in health care, with a particular focus on the use of financial and reputational incentives. The practicalities of quality measurement and program design will be examined using examples from the international literature and from the experiences of attendees.
Prerequisites Materials	There are no requirements for attending the workshop. A general interest in health services research is assumed. There is no preparatory material to the workshop.
Credits	0.5 ECTS per day
Notes:	This course is for PhD students, post-docs and faculty members in epidemiology, health and political sciences.

This workshop is part of a 3 days' workshop. For more information please see:
