

## Qualitative Health Research: Advanced Module

<b>Description</b>	The advanced module provides an opportunity to refine skills in qualitative health research. In interactive sessions, participants will review their own progress in terms of the scope of qualitative health research, various research designs and qualitative data collection techniques. The emphasis of the course will be on qualitative data analysis and on the writing and evaluation of qualitative research papers.
<b>Objectives</b>	By the end of the course, participants will have improved their skills in qualitative health research and feel confident to carry out their own projects from data collection to data analysis and the publishing of their papers. This course builds on the introductory module in qualitative health research.
<b>Dates</b>	<b>Mon 04 Feb – Wed 06 Feb 2019</b>
<b>Eligibility</b>	Open to PhD students of SSPH+ PhD Program; in Public Health, other students and external participants are welcome to apply for limited spaces.
<b>Course Structure</b>	Presentations, guided discussions, group work and small assignments during and after the course.
<b>Assessment</b>	Preparatory assignment, active participation during the course days, follow up assignment
<b>Credits</b>	<b>1 ECTS</b> Preparation Work: 3h, Contact: 24 h, Follow Up Work: 3 h (1 ECTS corresponds to approx. 30 hours' work)
